MR. LYNN MENDENHALL
SPANISH FORK RIVER COMMISSION
RFD CANYON POWER PLANT
SPANISH FORK, UTAH

Spanish Fork

DEAR MR. MENDENHALL:-

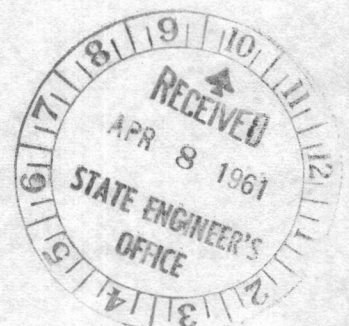

WE HAVE BEEN REVIEWING YOUR RIVER COMMISSIONER REPORTS FOR THE PAST SEVERAL YEARS. THE REPORTS SEPARATE THE RIVER WATER FOR SPANISH FORK CITY IN THE MILL RACE CANAL. HOWEVER, THERE IS NO SUCH SEPARATION FOR THE EAST BENCH CANAL WATER OWNED BY THE CITY AND WATER OF THE MALCOLM STREAM AND THE DIVERSION FROM COLD SPRINGS. THE MALCOLM STREAM AND COLD SPRINGS DIVERSIONS ARE REPORTED AS PIPE LINE WATER.

IN THE FUTURE WE WOULD APPRECIATE YOUR REPORTING SEPARATELY THE COLD SPRINGS DIVERSION TO THE CITY PIPE LINE, THE MALCOLM STREAM, EAST BENCH CITY WATER AND THE CITY WATER THROUGH THE MILL RACE CANAL.

WE APPRECIATE THE METHOD OF EXCHANGES USED BY THE RIVER COMMISSIONER IN SO SKILLFULLY HANDLING THE SPANISH FORK RIVER WATER EXCHANGES AND THE STORED WATER OF STRAWBERRY RESERVOIR.

THIS, AS YOU WILL KNOW, MAY BE A YEAR OF WATER SHORTAGE AND VERY CLOSE HANDLING MUST BE MADE OF THE WATER AVAILABLE TO SPANISH FORK CITY. IN ORDER THAT THE CITY MAY USE THE WATER AVAILABLE TO IT YOU ARE REQUESTED TO MAKE DELIVERIES AS FOLLOWS UNTIL FURTHER NOTICE.

1. THE TOTAL DELIVERY OF THE CITY RIVER RIGHT IN THE MILL RACE CANAL SHALL NOT EXCEED 1.5 C.F.S. THE CITY SHOULD BE CREDITED WITH THE SURPLUS FLOW, THUS DEVELOPED AND PROPER CREDIT MADE TO THE COLD SPRINGS DIVERSION AS NECESSARY.
2. THE TOTAL DELIVERY TO THE EAST BENCH CANAL

MR. LYNN MENDENHALL
PAGE 2

AND MALCOLM STREAM USE SHALL NOT EXCEED 1.5
C.F.S. INCLUDING THE RIGHTS OWNED BY THE
CITY IN THE EAST BENCH CANAL. THE CITY
SHOULD BE CREDITED WITH THE SURPLUS FLOWS
THUS DEVELOPED AND PROPER CREDIT MADE TO
THE COLD SPRINGS DIVERSIONS AS NECESSARY.

3. NO WATER BELONGING TO SPANISH FORK CITY IN
THE STRAWBERRY RESERVOIR SHALL BE DIVERTED
UNTIL AND UNLESS THE CREDITS DEVELOPED BY
THE REDUCED MILL RACE, EAST BENCH, AND MAL-
COLM STREAM ARE FIRST USED.

WE WOULD APPRECIATE YOUR COOPERATION IN THE ABOVE REQUESTS.
OUR ENGINEER WILL BE IN CONSTANT CONTACT WITH YOU SO THAT
CHANGES IN OUR DIVERSIONS MAY BE MADE WHEN APPROPRIATE, AND WE
MAY BE CURRENTLY INFORMED ON OUR WATER USES.

VERY TRULY YOURS,

S. S. Ray Gull

HONORABLE RAY GULL
MAYOR OF SPANISH FORK CITY

RG:NN
CC: UTAH STATE ENGINEER
